your Smart City solution!

The Smart Cities Marketplace is an initiative supported by the European Commission bringing together cities, industry, SMEs, investors, banks, research and other smart city actors.

The Smart Cities Marketplace Investor Network is a growing group of investors and financial service providers who are actively looking for Smart City projects.

The members of the Network facilitate and/or provide financing to Smart City projects supporting the transition towards a low carbon, resource efficient and competitive economy.

The Smart Cities Marketplace counts more than 7500 members from all over Europe and beyond.

Their common aims are to improve citizens' quality of life, increase the competitiveness of European cities and industry as well as to reach European energy and climate targets.

The Smart Cities Marketplace is a hub for all stakeholders, groups, networks, platforms and initiatives being involved in the Smart City field. Its single purpose is to help realising Smart City solutions across Europe by offering an integrated Matchmaking process.

This same community also represents a wealth of knowledge and capacity, which can be used in the frame of matchmaking for the benefit of the growing family of Smart Cities. Join us today!
