

Smart Cities Marketplace

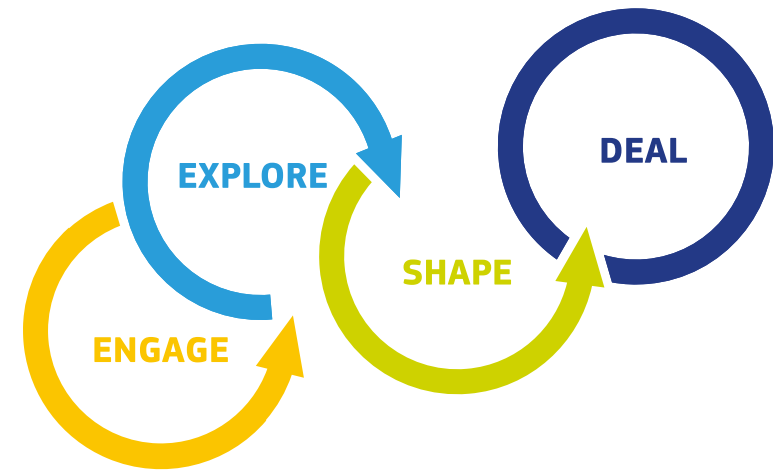

#EUSmartCities

ENERGY

The Smart Cities Marketplace is an EU initiative which aims to **ENGAGE** with cities and towns of all sizes to deliver more sustainable urban environments and offers all the information needed to **EXPLORE** solutions, **SHAPE** climate-neutral and smart city projects, and successfully close a **DEAL** for financing them.

The Smart Cities Marketplace plays an important role in speeding up the just and green transition of cities and towns in Europe, focusing on small and mid-sized cities. It helps improving citizens' quality of life, increasing the competitiveness of European cities and companies, and reaching European energy and climate targets. The Smart Cities Marketplace lets you explore project ideas and key practical knowledge, provides technical support to shape your project idea, and offers opportunities to close a financing deal, all in one place.

— Georg Houben,
European Commission, DG ENER

EXPLORE

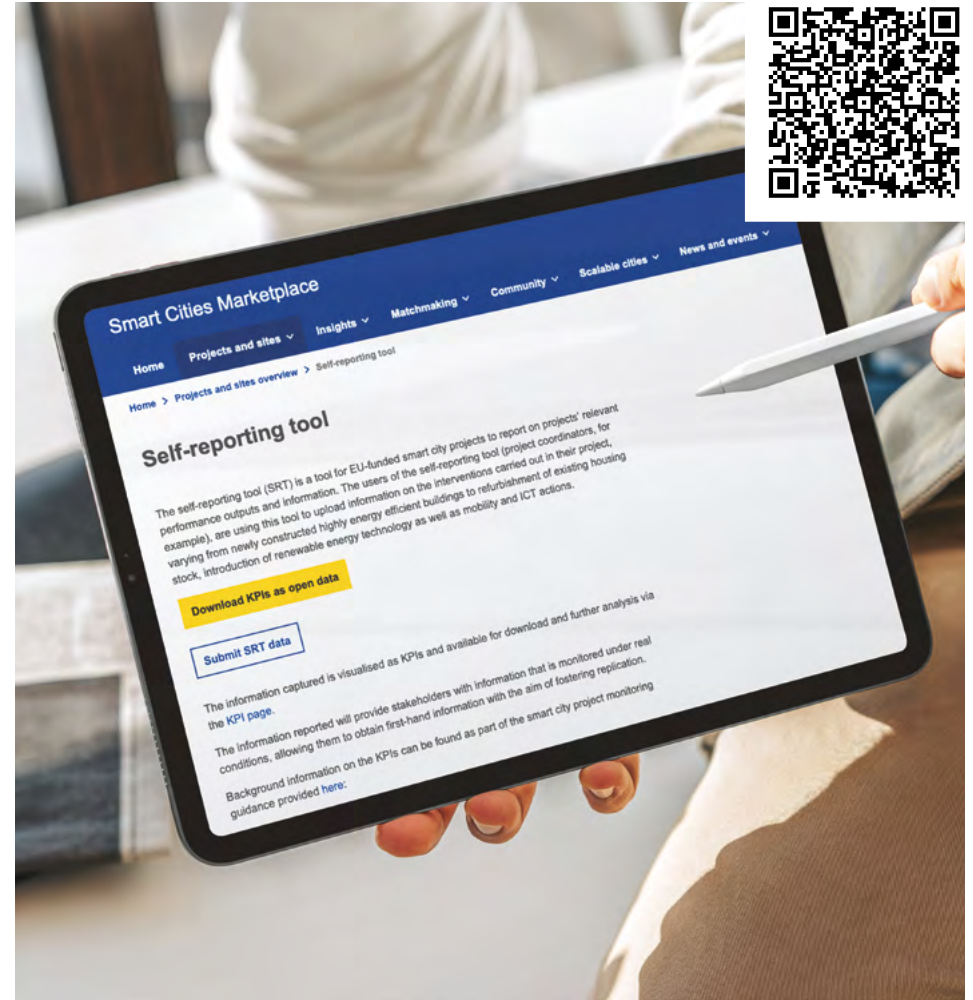

Find use cases from more than 80 successful **EUROPEAN CLIMATE-NEUTRAL AND SMART CITY PROJECTS** implemented in both small and mid-sized towns as well as metropolitan areas such as London, Barcelona and Vienna.

SHAPE

SOLUTION BOOKLETS range from technical matters, like district heating and cooling networks or e-buses, to non-technical matters like citizen engagement or how to implement sustainable and smart city strategies.

POLICY PAPERS are based on an extensive analysis of climate-neutral and smart city projects as well as a review of relevant literature and important policy challenges.

Welcome to the **SMART CITY GUIDANCE PACKAGE** - a full roadmap that helps fast-track financially viable urban projects in an integrated and inclusive way. The Smart Cities Marketplace has a fully integrated **WIKI**, based on the Smart City Guidance Package's structure.

It is the story that counts! Listen to people that are part of climate-neutral and smart city projects, telling their stories in **VIDEOS AND PODCASTS**.

DEAL

Receive help to make the match between your climate-neutral and smart city projects and potential investors.

Take part in our **CALL FOR APPLICATIONS** to be part of our matchmaking services:

- Benefit from our **1-TO-1-CONSULTANCY SERVICES** where investors enable consortia projects with financing opportunities.
- Join us for our **FINANCING MASTERCLASSES** to gain practical insights into different fields of climate-neutral and smart cities.
- Mature projects can be further supported through “deal” meetings with the platform’s **INVESTOR NETWORK**.

Participate in matchmaking events where you can meet investors and project representatives face to face.
